

# Disability Action Group

## Southern Selby District Area

**Do you have any disability? Or....**

**Do you support someone with any disability? Or...**

**Do you simply want to improve your local community for the benefit of all?**

## We need you!

We are looking to bring together a group of individuals, who can become a locally focused Disability Action Group for Selby District Disability Forum, in the Southern part of the District.

Working together, we will meet monthly to support one another and discuss your local needs, creating a united voice to action change, provide solutions and inform decision makers.

- Encourage local people to think about how actions or physical barriers can affect the everyday life of those with disabilities
- Promote equal access for all and become a solution maker to support the local community to improve
- Meet new people and make friends
- Raise the profile and impact of Selby District Disability Forum

### **Covering the villages of:**
